CAMPUS LIFE

1

Cameras helped to capture historical

Students had a chance this year to witness some strange events, on and off campus. These happenings, whether natural or man-made, will stand out in everyone's memories when they reflect upon this year.

At the end of the Christmas vacation many were left without power and/or water for several days. This was a result of one of the worst ice storms in many years, knocking down power lines throughout the area. The height of the storm was on New Year's Eve, putting a damper on many festivities. Even with the bad weather, some of us were able to get out and bring in the New Year right.

This year also brought us the chance to see an extraordinary event, an eclipse, which will not occur again for another forty-nine years.

2

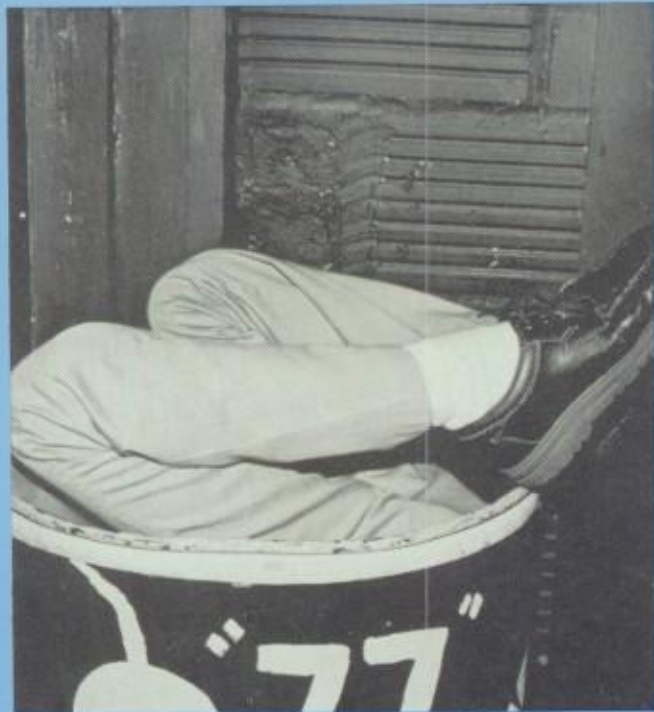

3

1. Part of the senior triangle was demolished this year when hit by a car.
2. Many fuse boxes exploded as a result of the New Year's ice storm.
3. The eclipse of the sun on February 26 could not be watched with the naked eye without the risk of eye damage. It could be viewed, however, with a few precautions.

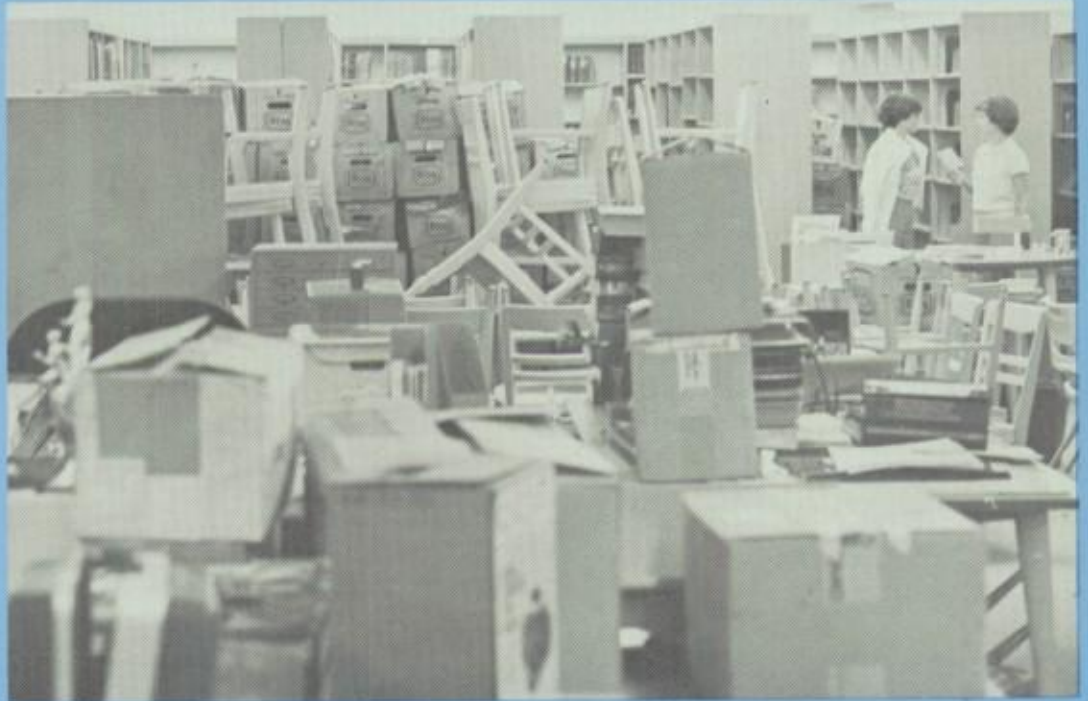

1

and unusual moments to remember

2

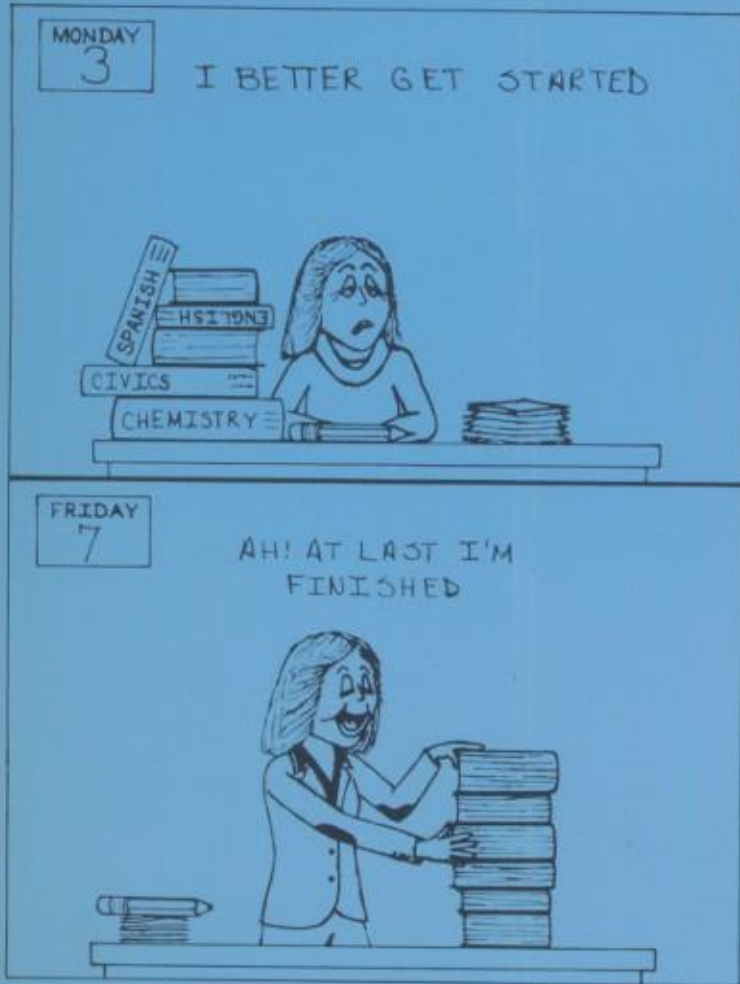

4

3

1. During the Free Fare assembly, several of West's students and teachers took part in a "Star Wars" skit which added humor to the school day.
2. Some of us had more difficulty than others in trying to stay out of places we did not belong.
3. Being on the third floor of the main building was like having a bird's eye view of the passers-by.
4. Who knows what went on in the library last summer with all the Stag boxes!

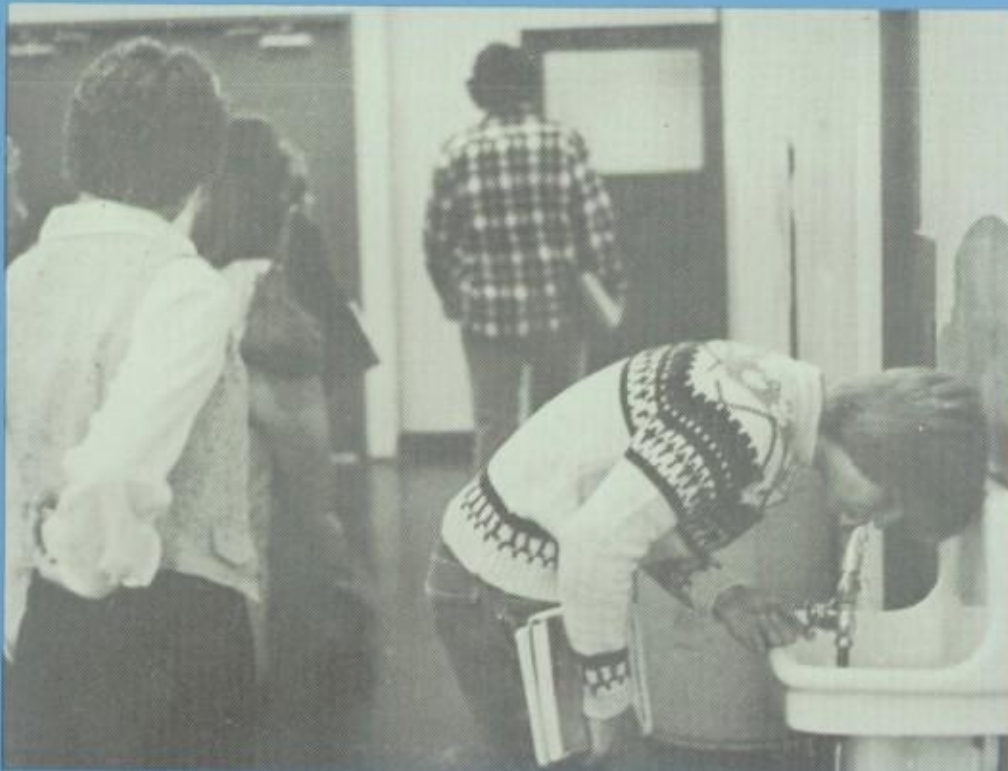

School became bearable with weekends ahead

4

5

Coming here as freshmen, we were awed by the size of the campus, the multitudes of names and faces to learn, and the mad rush between classes which was so easy to get lost in. Each year we feel more secure in our surroundings. We learn the hard way — from experience.

The campus has also changed and we have adjusted to the changes. Whether the changes are major, like the remodeled library and the "Big W" construction project, or minor, like the salad bar, they all affect the student body.

While the students and campus have had many changes, there are many changes still to come.

us.*

District #201 worked toward a successful year

The Board of Education of District #201 began the year with new office space, created from the former civics classrooms on the second floor of the Main Building. The business management office and the central office staff were moved into the new offices. Another important addition was the conference room, available for Board and faculty conference use.

The Board initiated an art contest and purchased works from both West and East art students to be displayed in the new offices.

Mr. Herbert Baum, a faithful member of the Board for over twenty years, died on November 16, 1978, and the Board appointed Mr. Norman Krause to fill his unexpired term of office.

In addition to regular school business, the Board conducted a survey for restoration of campus buildings.

Mr. K. Lane Miller, Superintendent of District #201.

Mr. Robert Dosier, assistant superintendent, and Mr. Eugene Sawalich, business manager, supervised the daily business of District #201.

Mr. K. Lane Miller led the pack of spirited Maroons in the enthusiasm of Hobo Day.

Members of the Board of Education were Attorney Ralph Derango, Mr. Norman Krause, Mr. George Nold, Mrs. June Cox, president, Mr. Edward

Burris, Mrs. Jean Donovan, board secretary, and Mr. Joseph Donlan, Jr. Missing from the picture was Mr. Leonard Moore.

Mr. Jerry Turner, principal, conducted the daily business of operating the school, assisted by the four assistant principals and the one hundred and fifty members of the faculty.

Principals kept campus in order

Waiting for the classes to arrive for a pep assembly, Mr. Jerry Turner conferred with Mr. Pete Hensel.

Mrs. Belle Levin, freshman assistant principal, looked in on the freshman study halls often.

Mr. Dan Wolford, sophomore assistant principal, could still smile after a hectic day.

Mr. Harold Limper, junior assistant principal, met the afternoon buses every day.

Mr. Harris Tollefson, senior assistant principal, conducted some of his daily business by telephone.

Mr. Fritz Kunze watches Mr. Harold Limper take a swing at the pinata at the Mardi Gras, given by the language department on February 26.

Mr. Ralph Schlesinger practices what he teaches.

Behind the scenes is just as important

Many people assisted in making the day run smoothly. The cafeteria workers served lunch and kept the snack bar operating efficiently. The custodial staff fought the everyday problem of keeping the campus in order. The secretaries in the Board of Education Office and in each of the five principals' offices performed such duties as record keeping, typing, answering phones, recording attendance, and helping students.

Members of the custodial staff were (Bottom Row) Mike Coon, John Krumrey, Ann Reuss, Al Zink, (Top Row) Eugene Lopez, assistant engineer, John Klee, Bill Shaw, Jim Hettenhausen, and Jack Coyne.

Mr. Jack Coyne, a member of the custodial staff, was often seen tackling our campus' winter problems.

Rose Kricensky and Darlene Wurdinger operated the snack bar from 8:00 a.m. to 2:30 p.m.

Members of the cafeteria staff were (Bottom Row) Rose Kricensky, Jean Volluz, Eileen Heidorn, Flo Tylka, Cooky Isselhardt, Velma Reeble, Margaret Baum, (Top Row) Jeff Cudlipp, assistant manager, Donna Paul, Lu

Harmon, Mary Anne Hamann, Doris Haverman, Doris Senzel, Betty Rothgangel, Agnes Reinhardt, Darlene Wurdinger, Doris Schmidt, and Herb Huth, manager.

Joann Katzmark still found time to smile even though the daily routine as Mr. Miller's secretary kept her busy.

Jean McDonald recorded the attendance of seniors as part of her job.

The Board of Education secretaries were (Bottom Row) Debbie Dahm, Marlene Wright, Nadine Chapman, (Top Row) Myra Ramers, Gayle Hargis,

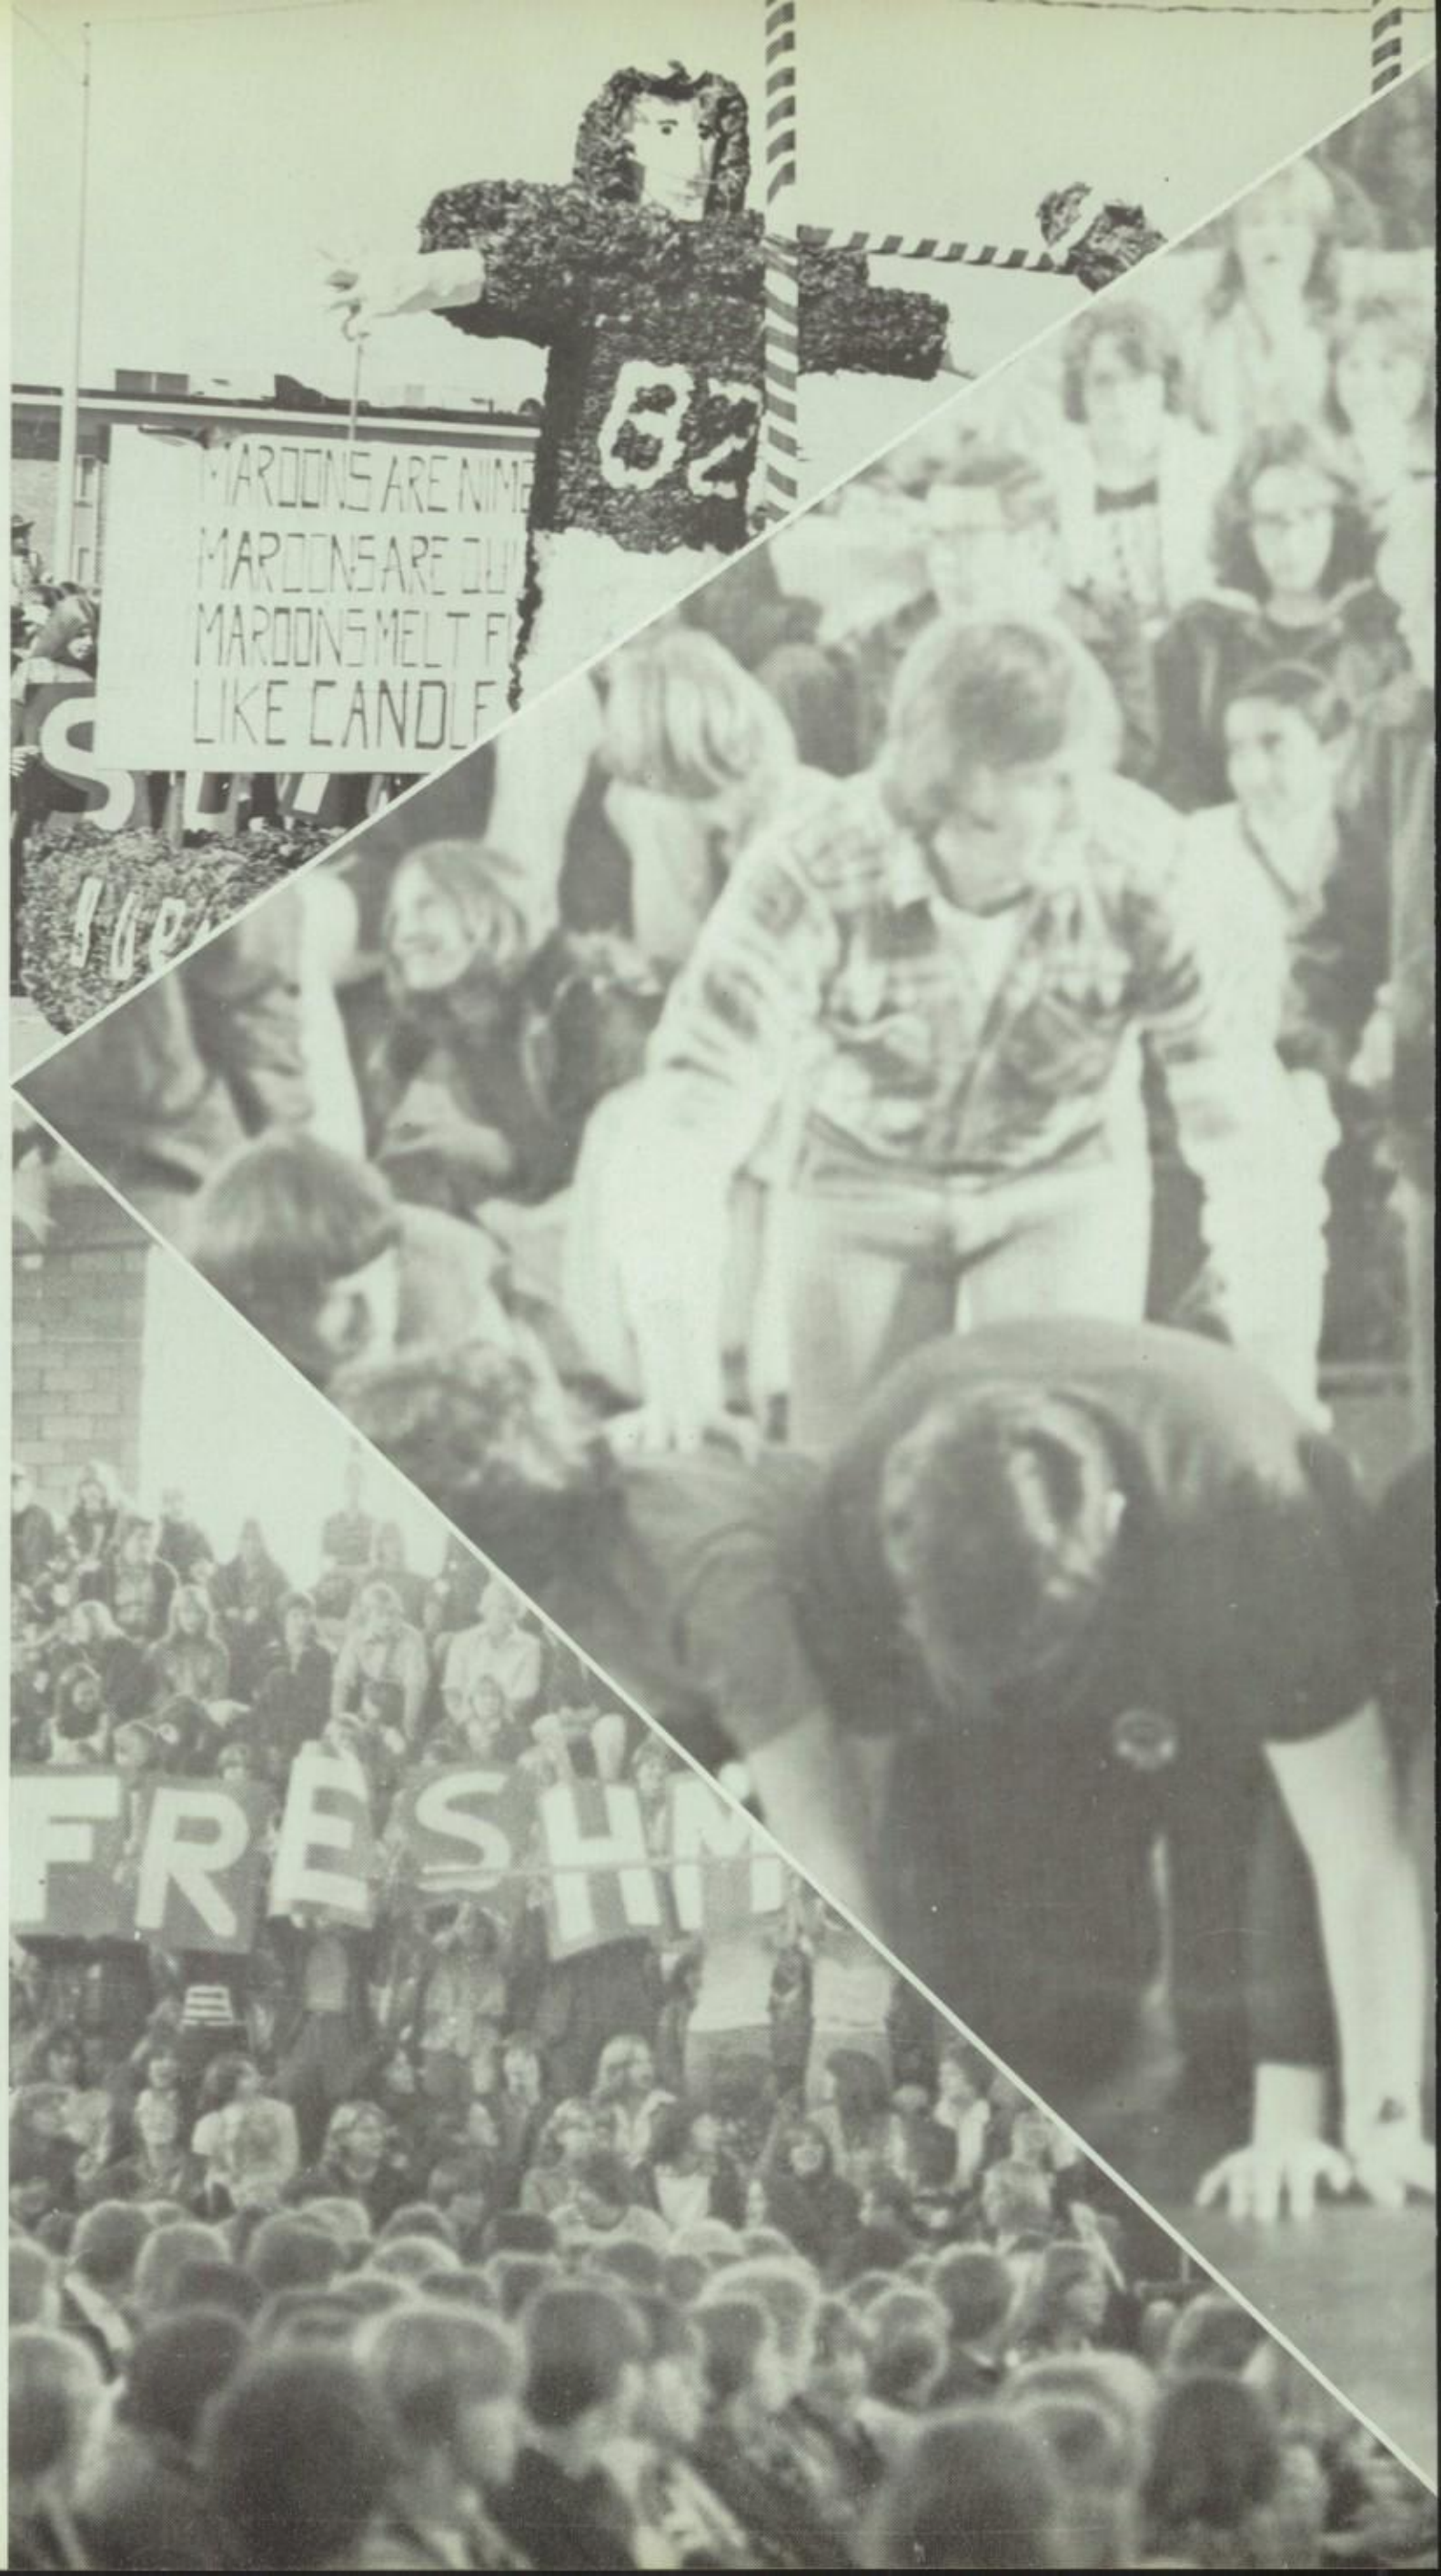

Wally Chechovic, and Joann Katzmark.

The high school secretaries were (Bottom Row) Jo Doctorman, Jean McDonald, Betty Burris, Debbie Dunnigan, Nancy Kinnikin, Doris

Wittlinger, (Top Row) Ellie Krummrich, Gloria Rose, Shella Walker, and Marian Sanford.

Reflecting upon the year, we remember the long hours of studying at home, in the library, and in the cafeteria. We recall our successes and failures and hope that we have learned something from them.

A C A D E M I C S

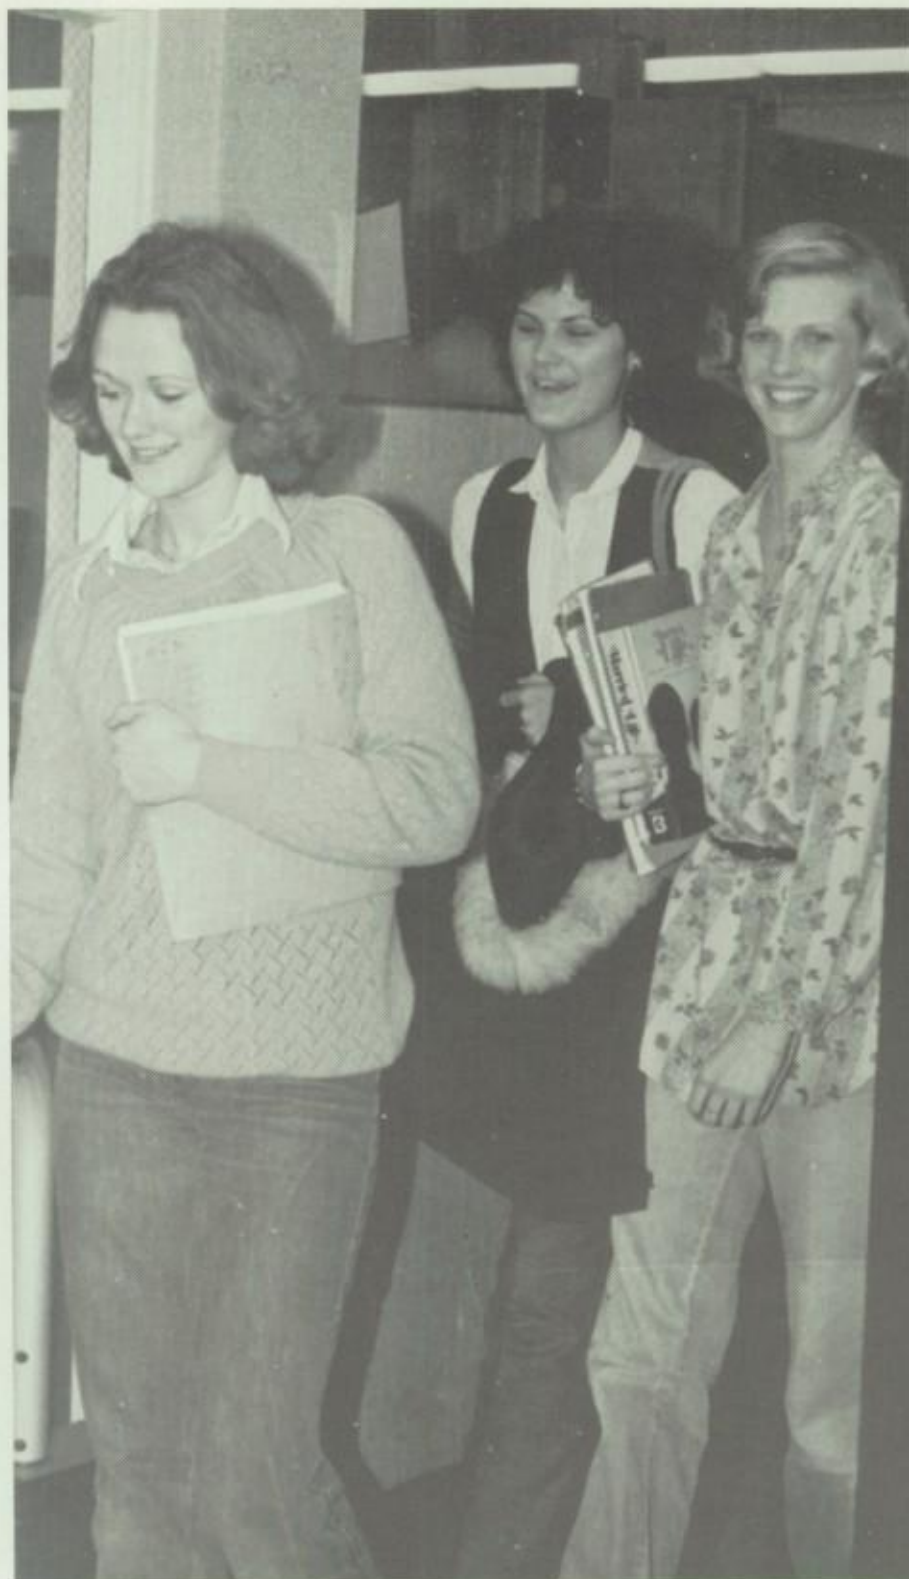

Library renovation increased interest in study

Last summer, the Instructional Media Center underwent a big change, which included a new arrangement of library areas, carpeting on the floors and redecoration of the walls, and the installation of a security system to prevent loss of books.

The reconstructed center, under the direction of Mrs. Juanita Wallen, head of the department, Mrs. Mary Lu Bonnell, librarian, and Mrs. JoAnn Wehmeier, audio-visual director, was one of our biggest sources of information. We used the reference room and the video tape area for research, and enjoyed hours of leisure reading from books picked from the shelves.

During the first week of school last fall we wondered . . . "Is the library replacing books with . . ."

Juniors Sheila Taff, Gretchen Auner, and Ann Fisher test the library's new security system.

One of the biggest assets in the library was its dictionary.

Jay Poletti found that the skill of public speaking could be used not only in the future, but also in everyday life.

Communication was the key to English

Learning to communicate effectively in both speech and writing was the task undertaken by students. From the basics during the freshman year to the more specialized courses, each student studied the various aspects of English. The works of different authors were essential to many courses. By learning the tools of English, we improved our writing and speech to better communicate in our everyday lives.

Students found that reading classes not only improved their reading skills, but also increased their vocabulary.

Linda Paulat, Curt Scherck, Nazha Musa, and Bob Knee found that developing their vocabulary could be fun through games such as scholar quiz.

Mardi Gras highlights language study

The Foreign Language Department teaches courses in French, German, and Spanish. Learning grammar and vocabulary came easy through using headphones, performing and reading plays and stories, and constant repeating of everything that was taught. In addition to the language, we studied the culture of the people. We acquired a taste for native foods by preparing them in French and Spanish classes. Third and fourth year French students tasted professional cooking on their trip to Kemoll's restaurant in St. Louis, and studied art on their visit to the Monet Exhibit at the St. Louis Art Museum. German classes practiced what they learned by going Christmas caroling.

Although the Mardi Gras in New Orleans had its policemen-strike problems, the Mardi Gras held by all of the language classes proved a successful event. Each class prepared dishes, performed plays, sang songs, and taught dances from their respective countries.

Masks, in a variety of shapes, sizes, and colors, added to the realism of the Mardi Gras.

Tena Edwards, Scott Beyer, Robert Ayllon, and Lynn Molitor learned about daily life in Germany by performing in a German takeoff of "Goldilocks."

Jeff Boyles and Mr. Arnold Ayllon enjoyed preparing tacos and churros as much as . . .

. . . Cindy Holzum enjoyed eating them.

Geometry students learned that shapes weren't always so basic.

Learning proves to be a challenge

Circles, word problems, logarithms, angles, graphs, and proofs challenged many students daily. The Mathematics Department offered a variety of courses to expand students' knowledge. The courses taught were basic math, algebra, plane geometry, trigonometry, and analytic geometry. Students were not merely told to find the answer but why and how to find the answer. Eventually we saw the logic in math and could apply it to everyday life.

Mr. Robert Kaiser explains what students think is one of the mysteries of life — algebra!

Working problems on the board always seemed to help.

Business courses prepared us for many occupations

The business department, headed by Mr. Howard Belcher, provided students with various courses not only to help us in future jobs but also in our daily lives.

Several courses allowed students to become familiar with various machines used in the world of business. Many courses involved special skills such as typing and shorthand. Typing classes taught us the correct way to type business letters as well as term papers. Other courses that covered the wide field of business included general business, business English, management, law, math, communications, data processing, consumer education, office procedures, and marketing and distributing. Accounting was also offered in both a first and a second year course. Office occupations and distributive education, which are work-study programs, were also offered. Both work-study programs allowed students to attend school part of the day and work on a job the rest of the day.

Pam Bowen makes preparations in Consumer Ed to test different brands of the same product.

Students found that the skill of shorthand was quite useful in other classes as well.

Students struggled to master the skill of typing.

Dana Wallace and Kent Jones use an adding machine as an aid in accounting.

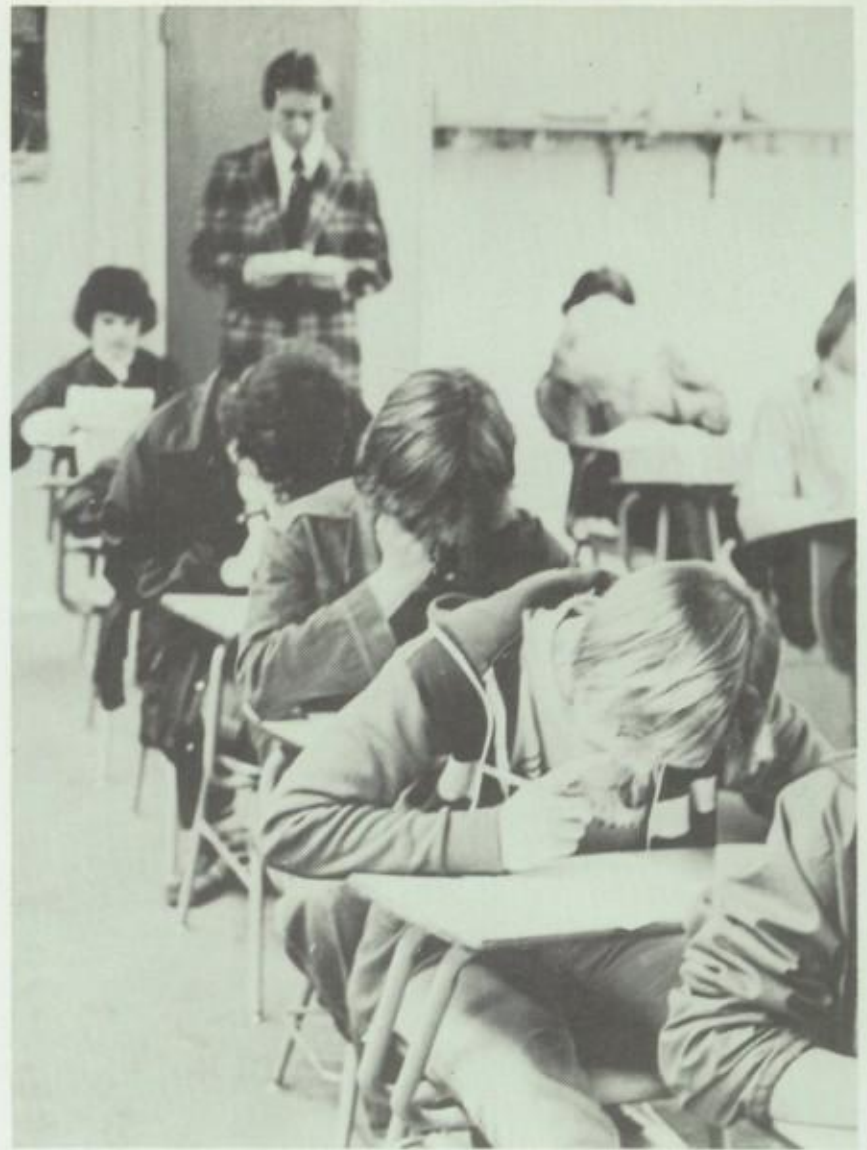

Dave Gebhardt and Jeff Gass receive help in data processing from Mrs. Sandra Tinney.

Debbie Morris, Jenny Stephens, Donna Scharf, and Lisa Lauf use some of the many machines available in office procedures.

We learned about government, land, and being human

Courses in the social sciences taught how to recognize problems and how to deal with them, whether on an individual level or in groups. The Social Studies Department, under the chairmanship of Mr. Robert Hanson, offered courses in civics, political science, geography, physiography, American history, world history, American problems, sociology, and psychology. These courses were designed and taught to teach us how to think, not what to think. They showed man's relationship to nature and the importance of knowing the past in order to understand the present and plan for the future. Courses in the social sciences helped us to realize the individual's duty to himself and to all people around him in the world.

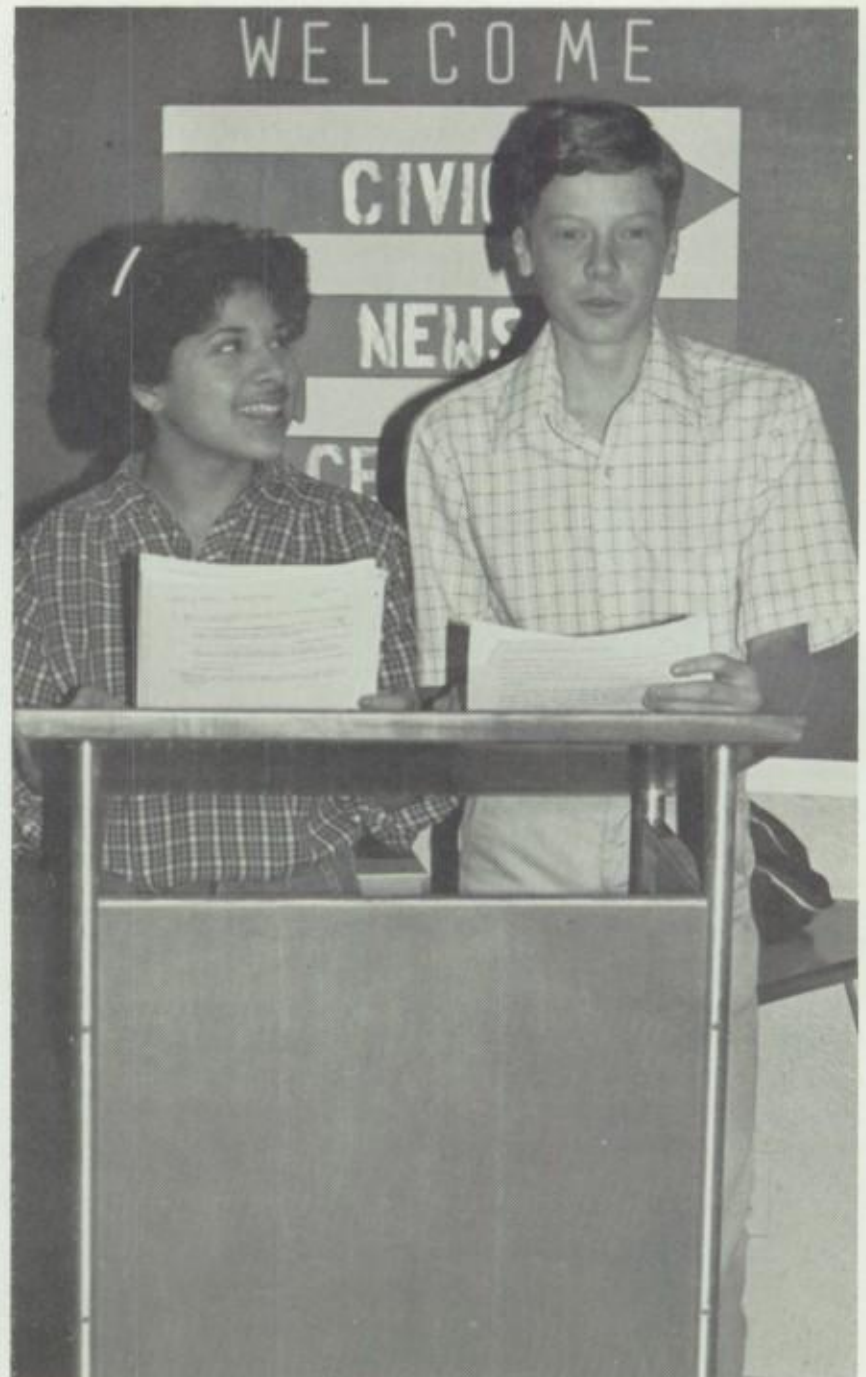

His students found that Mr. Dave Harris' history tests were challenging.

Jim Fischer and Daryl Skaer got down to earth in their physiography class.

Shelly Morris and Randy Smith pick out places they wish they could visit.

Conducting the newscast on the civics classes' network were Susie Abu-Sharif and Don Holzum.

Students in an American problems class discussed minority group problems.

Students canoed crystal clear lakes and hiked through dense pine forests on the "Voyageur Wilderness Program" trips to Ontario, Canada.

Marty Lesko and Joan Blaes made a new friend in human anatomy class.

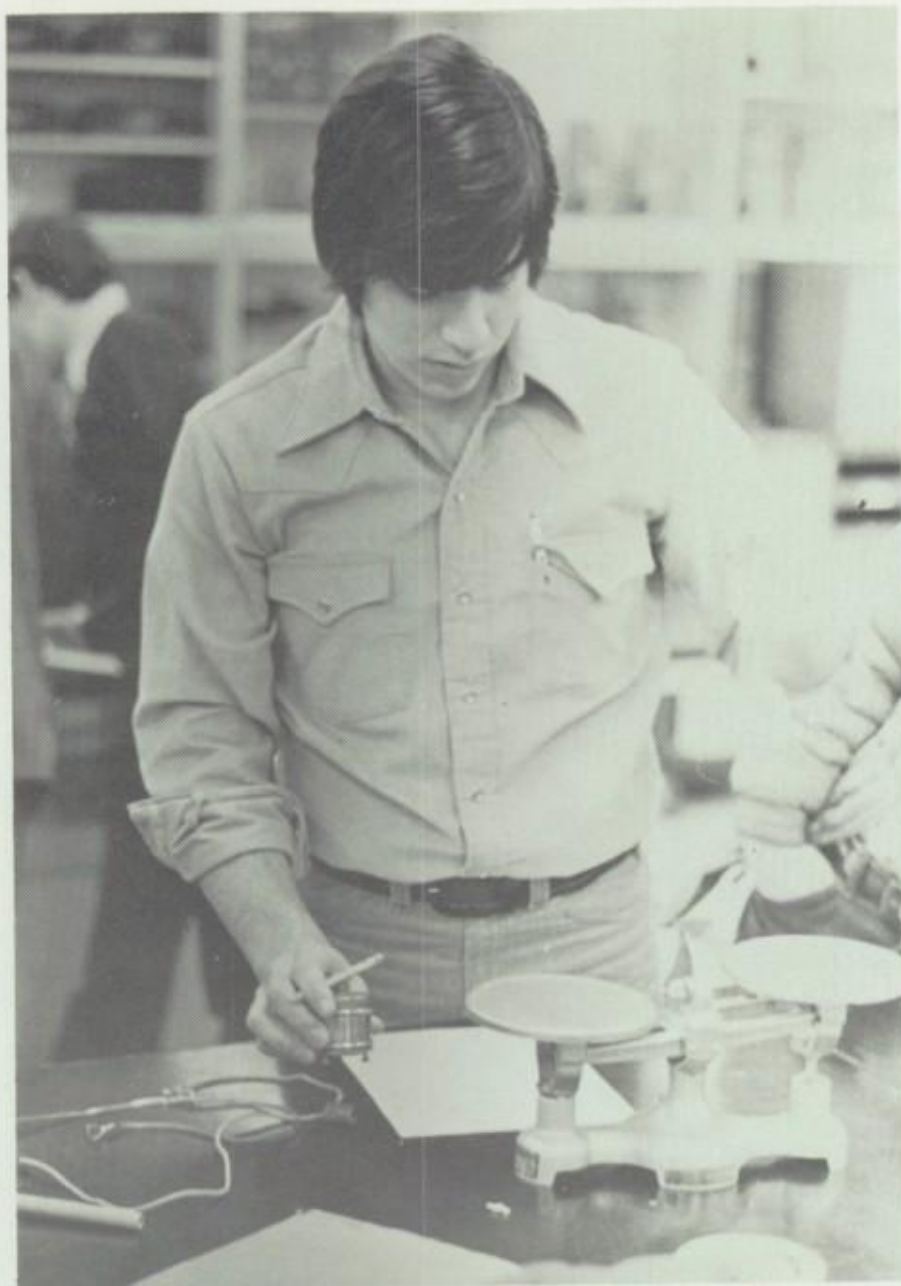

Scott Litsey, Mr. Gary Shepek, Robert Law, and Bill Carty examine one of the many wonders of physics.

Rhonda Burns enjoys one of the many preserved specimens in ecology class.

Tarantula??!!

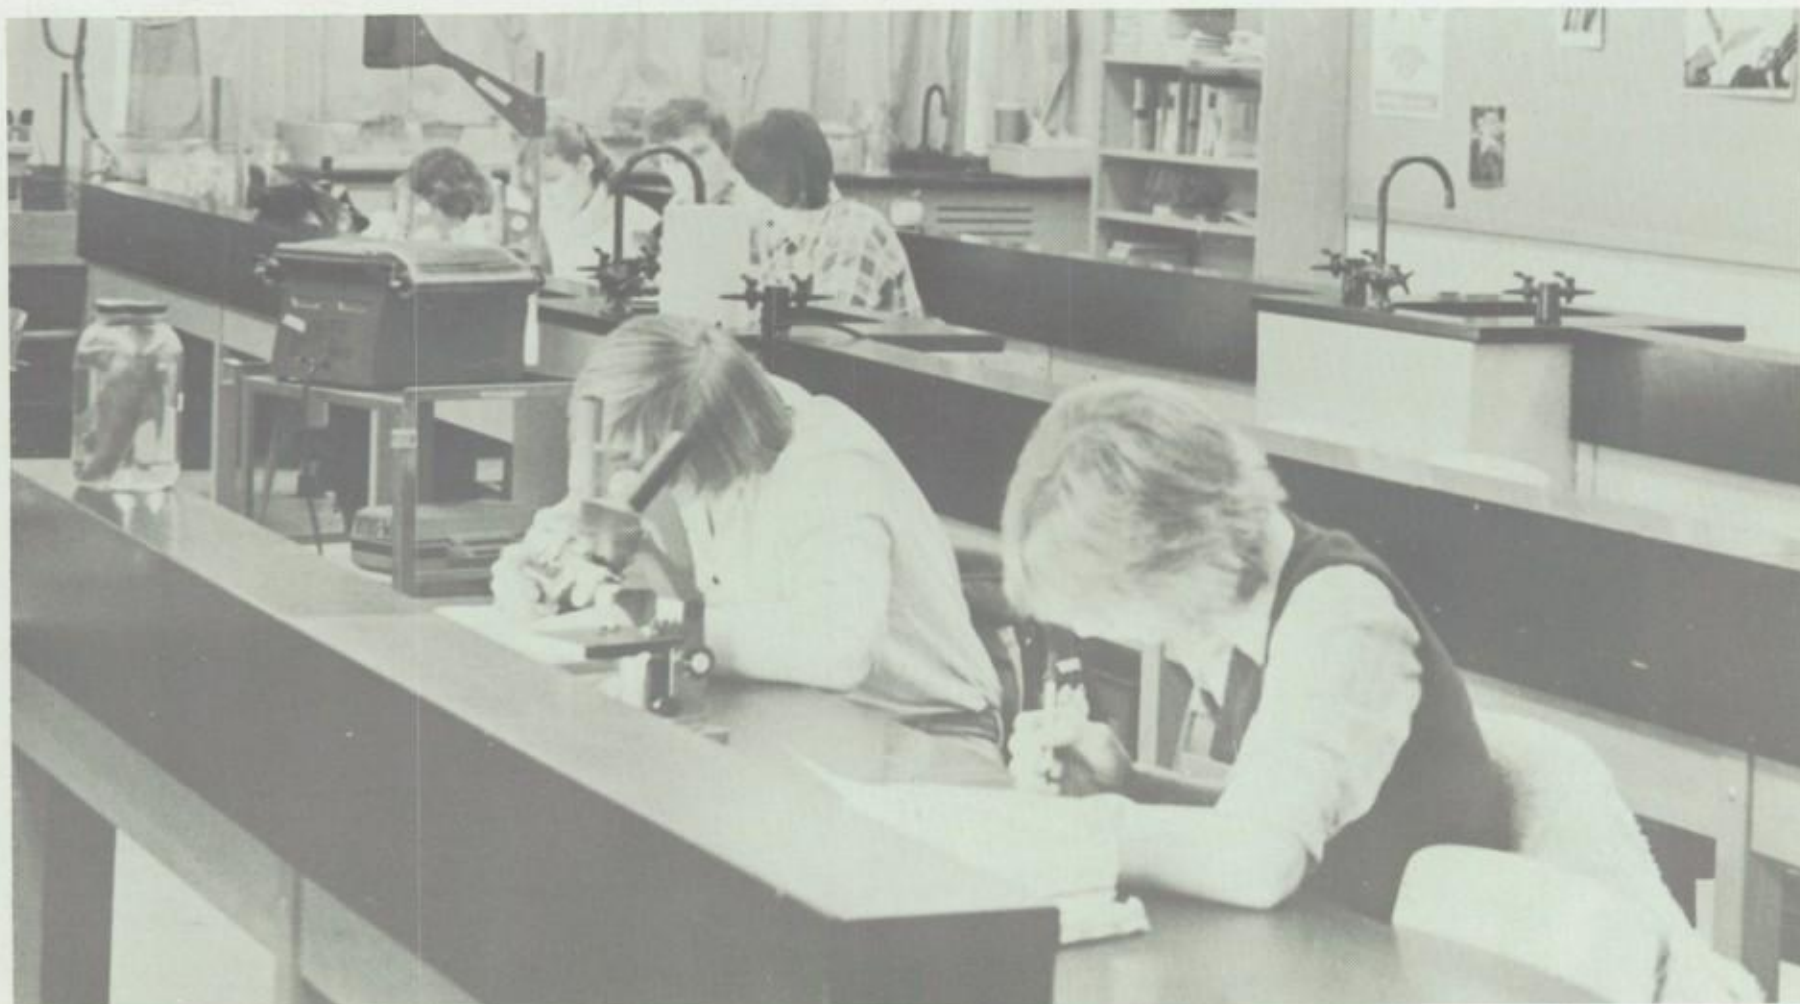

Bert Gonzalez found the scale to be an important tool in chemistry class.

Science courses help to develop young researchers

Science courses provided a wide variety of ideas to be learned. Chemistry and physics explained the composition and properties of matter. Biology and human anatomy taught us about plants and animals and offered opportunities to dissect worms, frogs, crayfish, fetal pigs, and rats. While working in natural surroundings in the ecology classroom, we learned the origins, history, characteristics and habits of specific living organisms.

Last summer, a few students, escorted by Mr. Gary Twesten, were also able to learn about nature by participating the "The Voyageur Wilderness Program." The program was an eight-day wilderness canoe trip through some twenty-two hundred square miles of Quetico Provincial Park in northwestern Ontario, Canada. The goal was to give the students a love and appreciation for the wilderness.

The microscope was a true friend in advanced biology class.

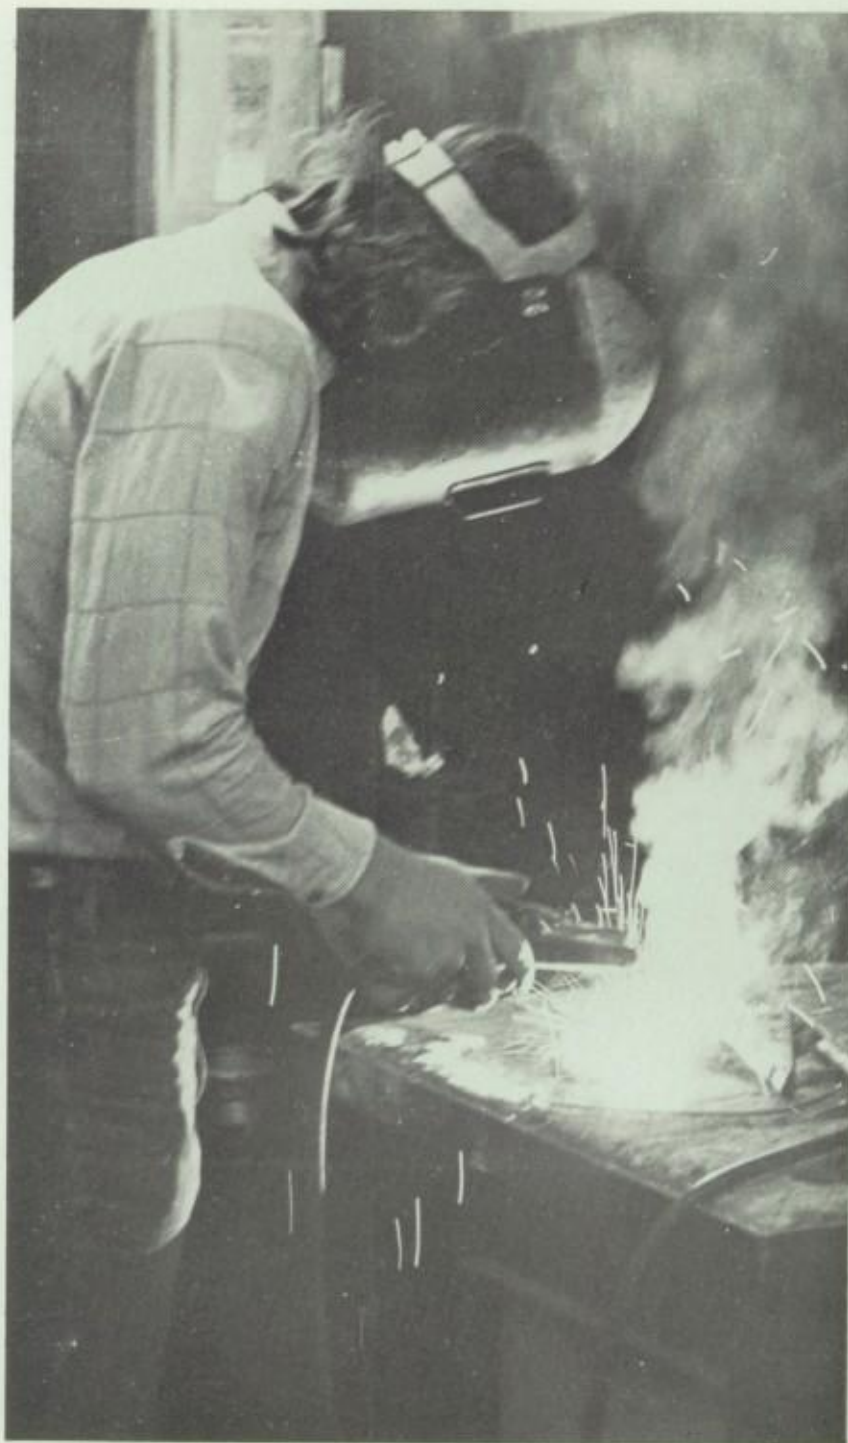

Industrial arts provide training

With all the shop courses offered here, students were given a good chance to realize what their goals were and decide if the ones they had in mind were right for them.

The shop department, which was headed by Mr. E. M. Gyerman, consisted of nine instructors and a large variety of courses. The classes included general shop, auto shop, landscaping, wood shop, electric shop, agriculture, architectural and mechanical drawing, welding, and horticulture.

Kyle Fickel took time to plan his work in general shop.

Welding lighted sparks for many students.

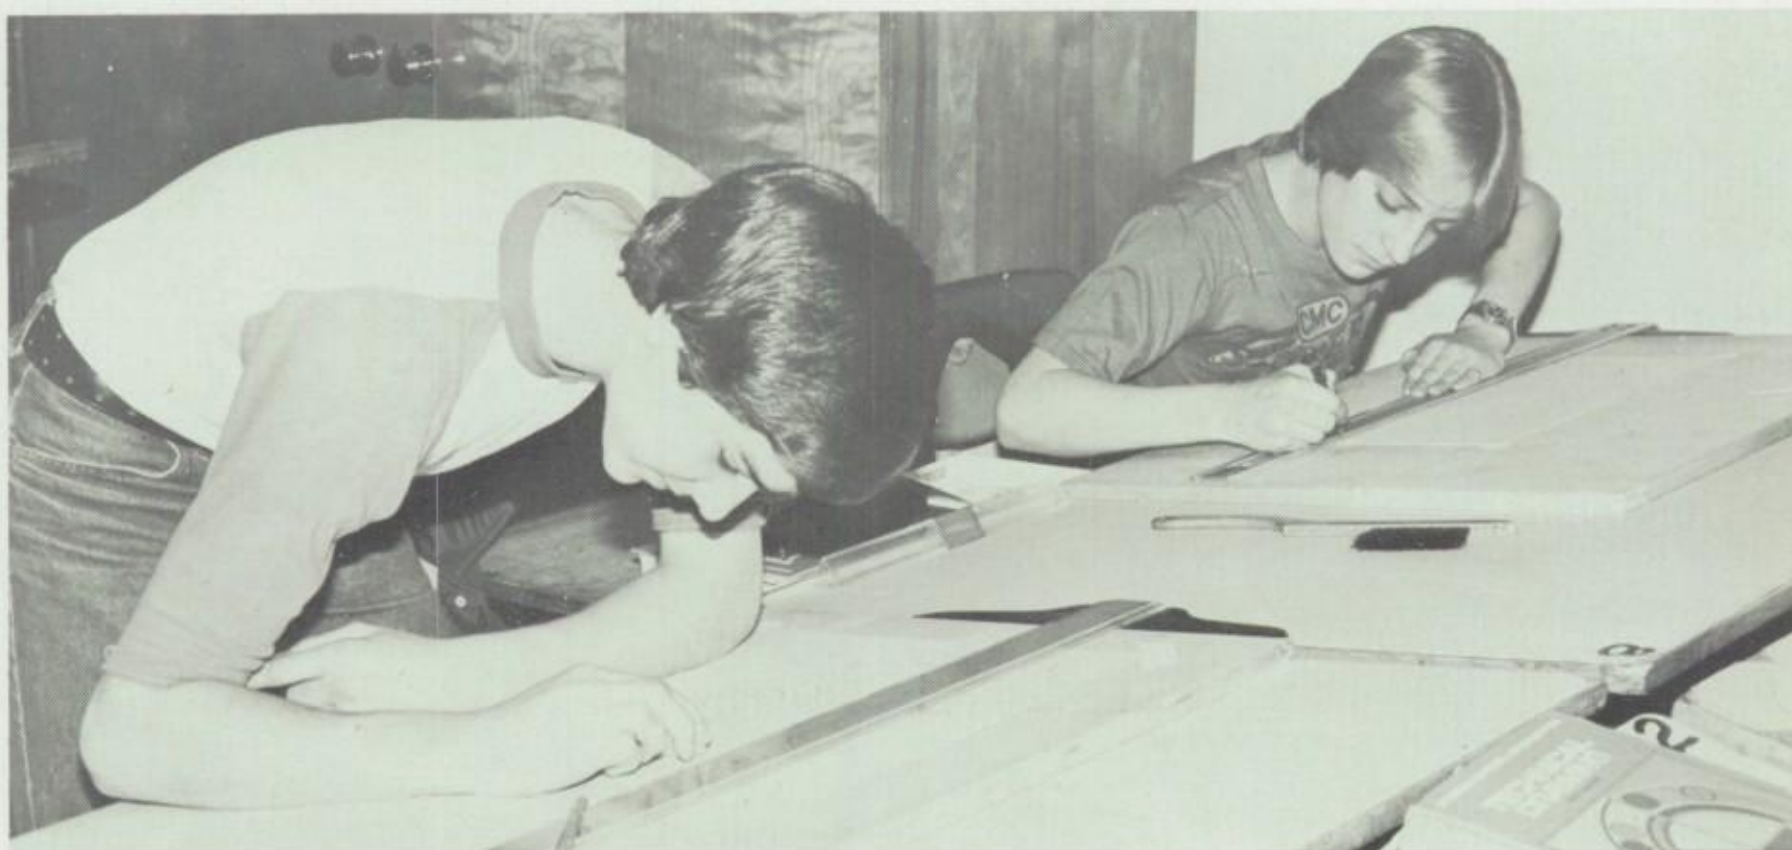

Dale Hoffman rolled up his sleeves to do the work in his auto shop class.

Scott Hawthorne wears goggles as he saws his way through wood shop.

Junior Mike Brent draws sketches as he gets ready for his final layout in architectural drawing.

Sophomores Gary Conrad and Bob Determan had to erase almost as much as they drew in their mechanical drawing class.

Home Economics prepared us for future careers

The Home Economics Department, headed by Mrs. Jean Best, offered courses in freshman home economics, meal planning, foods and nutrition, clothing construction, advanced clothing, housing, family living, and individualized homemaking.

Freshman home economics included cooking and sewing units and, although not required, it was the basis for other classes. Courses in meal planning and foods and nutrition taught how to plan and prepare nutritional needs. The class in clothing construction introduced students to the mechanics and construction of clothes, while advanced courses gave the opportunity to practice on more difficult levels. Students in family living openly discussed human relationships and worked on projects to help them understand the problems and rewards of close relationships. In housing classes, students discussed the buying, selling, repairing, and decorating of a house or apartment. Courses in home economics prepared students for roles in the home as well as for roles outside the home.

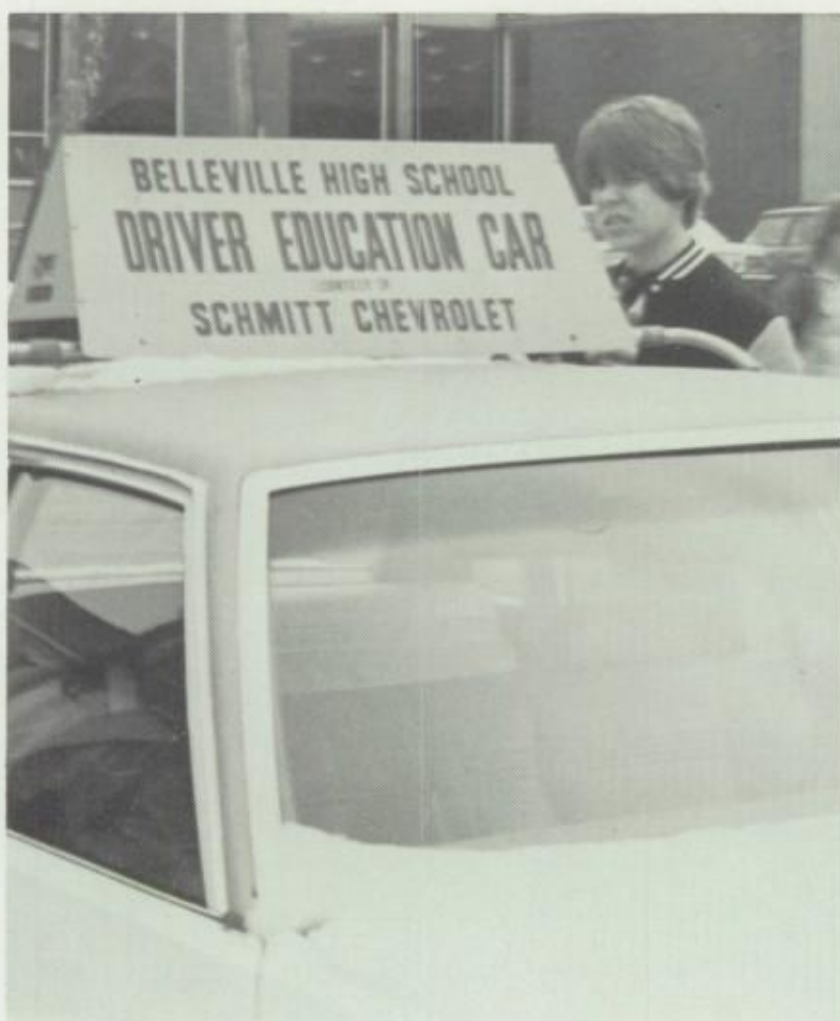

Mrs. Georgianne Hewitt and Mary White demonstrate how to prepare a pudding.

Through first-hand experience and assistance from Mrs. Jean Best, the construction of clothing came easier.

Gay Weygandt concentrated on her sewing projects.

Students were always eager to attend driving practice.

Students developed skills and practiced teamwork in gym classes.

Susie Wisniewski jumps to demonstrate the effect of exercise on the body.

A healthy body is the key to the healthy mind

Students found that meeting the seven-semester physical education requirement was not as hard as it first appeared. Classes in health education, driver education, and physical education electives offered variety. Choosing new activities every five weeks gave students the chance to learn and participate in many different activities. While developing individual skills, they could contribute to a team effort. Gym classes provided exercise and health classes explained why exercise is important. Students studied the body's functions and the effect of alcohol, drugs, and other abuses on the body.

Student drivers learned the rules of the road and applied them in driving sessions in preparation for the state's drivers' license tests.

Art and music provided us with creative outlets

The Fine Arts Department, headed by Mr. Harvey Mueller, included such courses as Art 1 & 2 for beginners, Ceramics, Sculpture, Crafts, Drawing, Jewelry Design, and Painting for more advanced students.

These programs helped students to create many things that showed their creative talents. The instructors of these classes encouraged the students to use their own ideas, even if they seemed impossible.

The Music Department, headed by Mr. Donald Jones, provided a break in the daily class routine. In addition to the individual choral and band groups, a class in music theory and instrumental instructions at various levels were offered for those who wished to improve their musical talents and to better understand the fundamentals of music. The band and choral groups practiced daily in preparation for the many concerts given throughout the year.

A class in music theory taught us the many elements of music.

Peggy Hutchison found that working with her hands was a messy but rewarding experience.

Craft students learned how to make kites as well as they learned how to fly them.

Art 1 & 2 students tried their talents at a variety of crafts.

Mr. William Evans showed Al Brainerd how his casting project in a jewelry design class turned out.

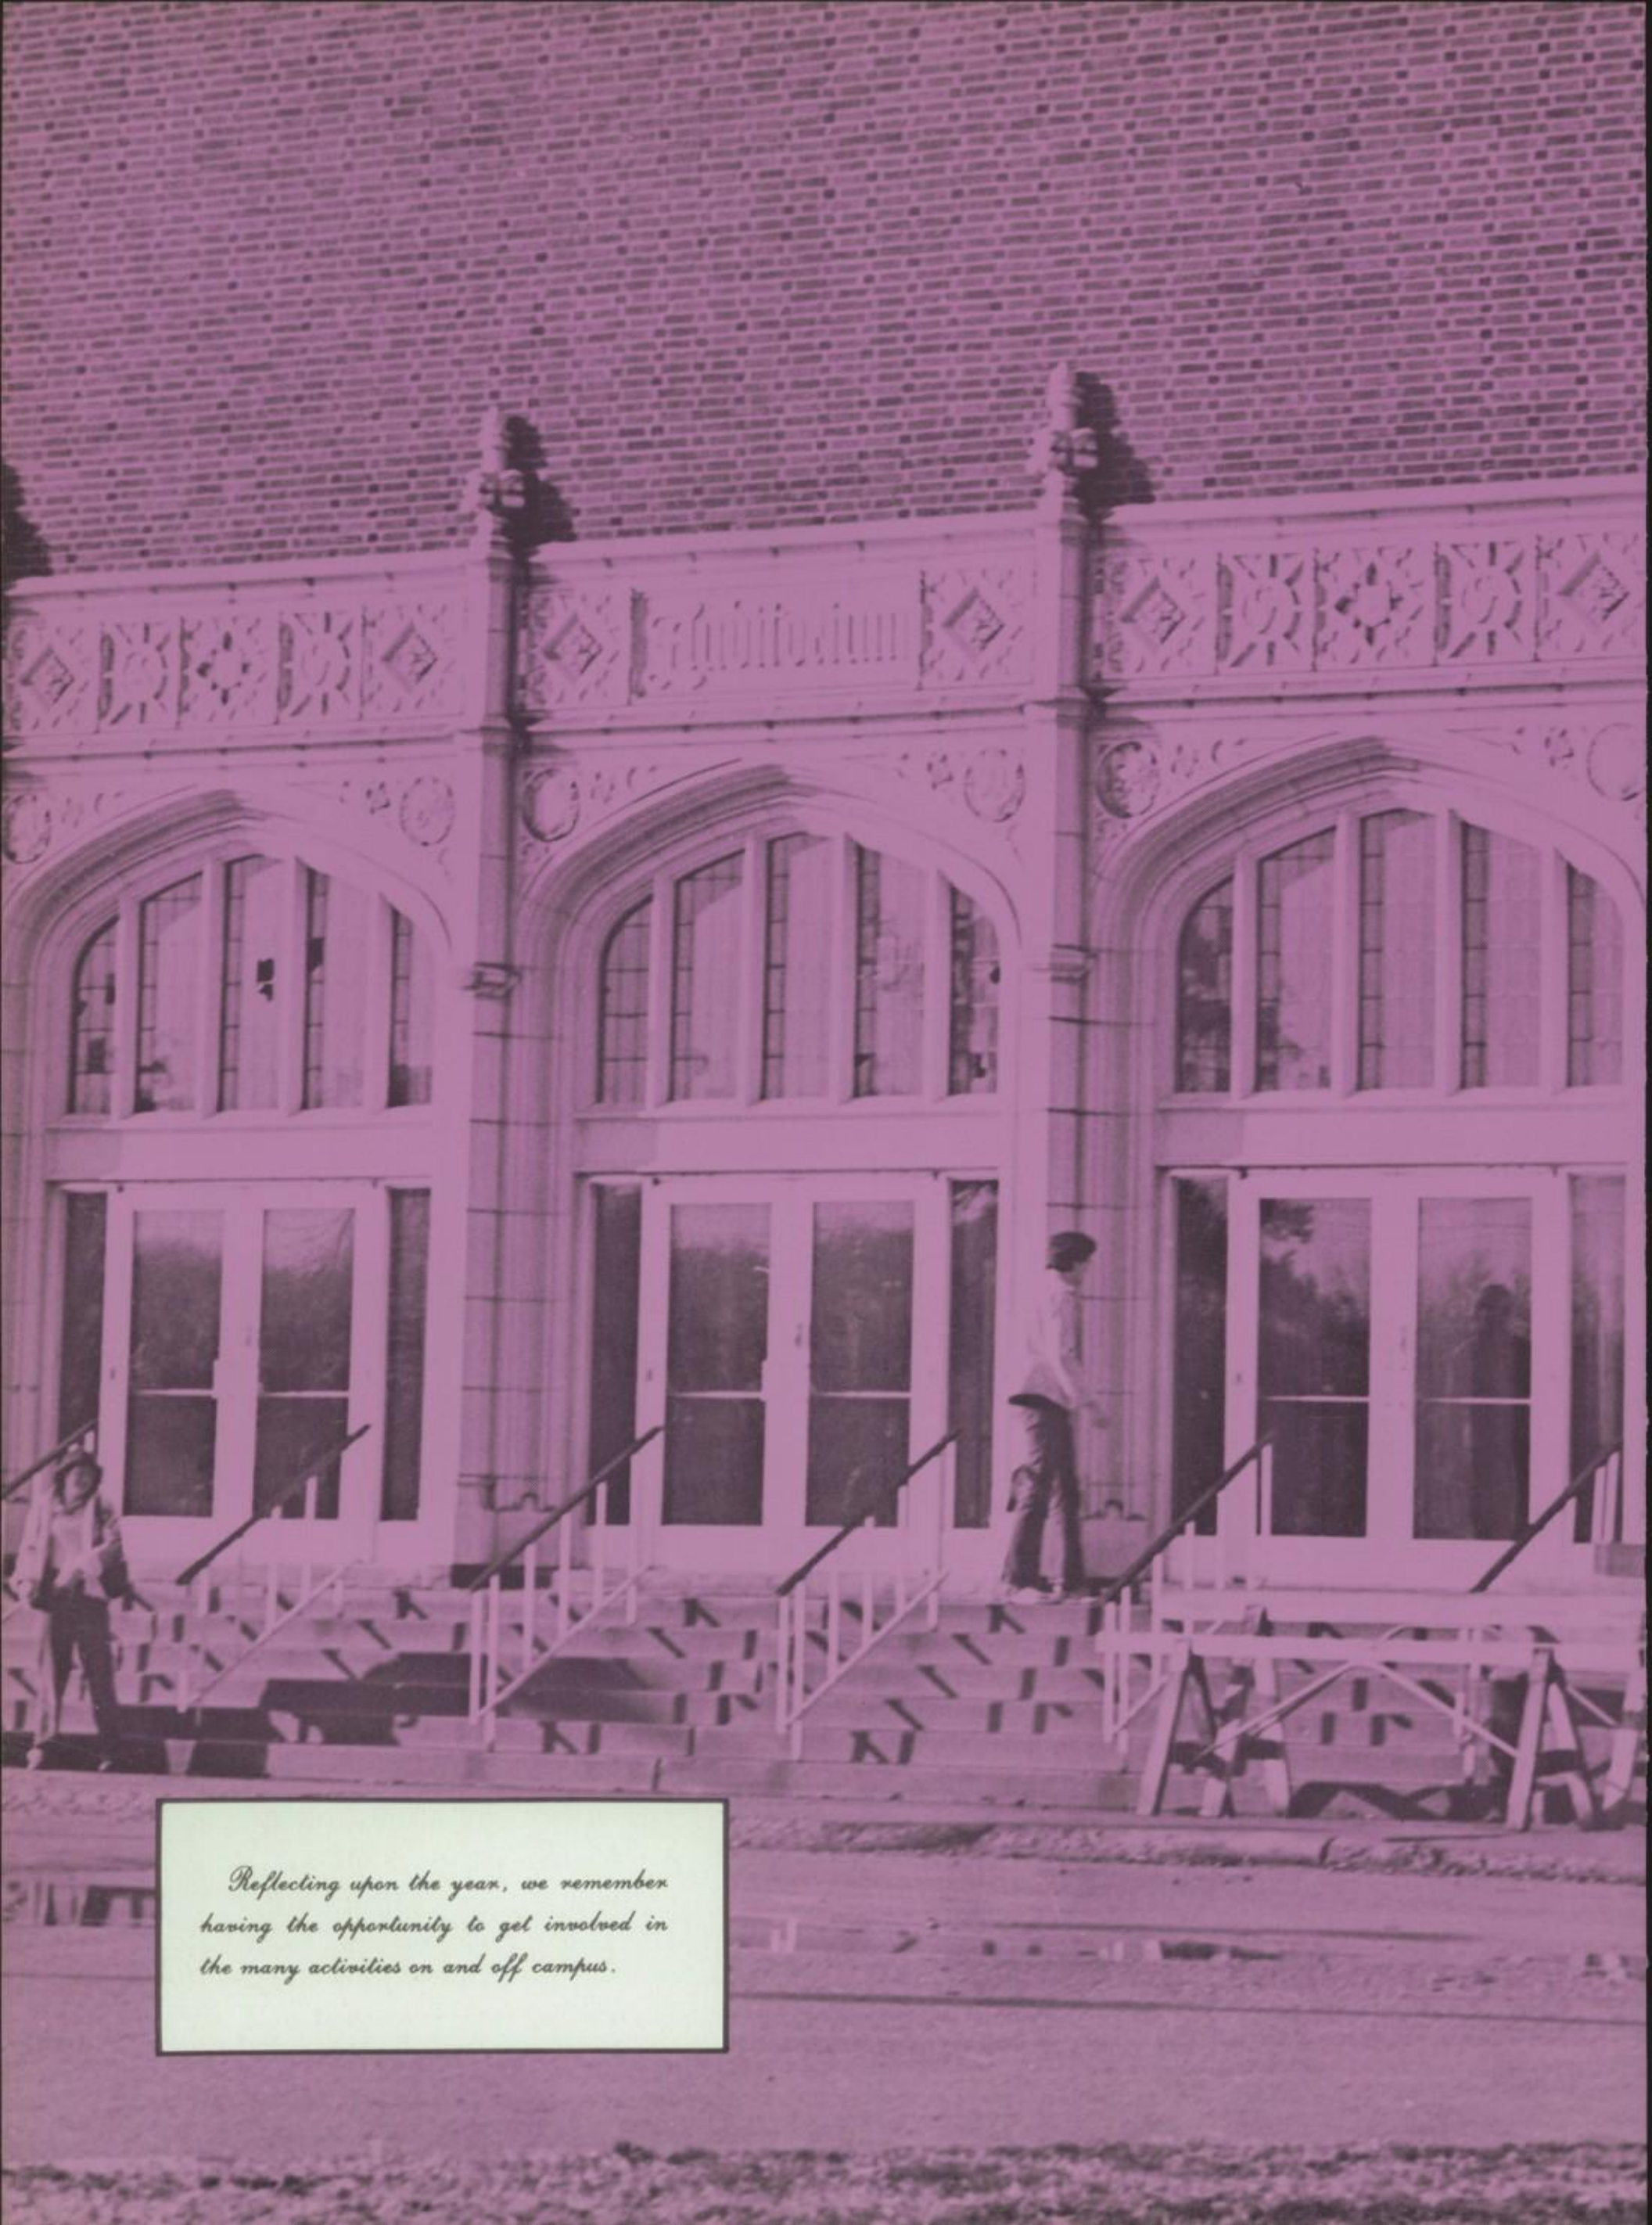

The cafeteria hall was often decorated with art students' projects.

Members of the chorus practiced daily for the many concerts they gave throughout the year.

Freshman Deanna Groom displays her second place certificate and the flag that she designed for the St. Clair County Flag Contest.

*Reflecting upon the year, we remember
having the opportunity to get involved in
the many activities on and off campus.*

We were concerned with past and present

The History Club did a lot of research to prepare for district and state competition. Club members played host to the district competition in April. The state competition followed at Springfield in May. Money for the contests was raised by numerous bake sales. By February, Karen Botkin, Lu Ann Willman, Julie Cunningham, and Tina Crane had each had one of her articles published in **Illinois History**, a monthly magazine containing works by student historians in the state.

The members of the Social Studies Club sponsored a mock election in November and the Salvation Army canned food drive at Christmas. The club participated in the League of Nations at McKendree College during the fall and again during the spring semester. Members earned the money to attend the sessions at McKendree by having bake sales.

Members of the Social Studies Club were (Bottom Row) Margaret Lowery, secretary, Bill Carty, (Second Row) Lisa Blaha, Julia Buser, treasurer, Jacque Henry, Ethan Edwards, (Third Row) Brian Pace, Craig Dotron, Chris Heilig, and Mr. David Schwalb, sponsor.

The Social Studies Club sponsored the voter registration booth in the cafeteria. Registrars from the Court House administrated the oath to the 18-year-olds on campus who wanted to register to vote in the municipal election in April.

New customs were discovered in clubs

A favorite activity of the French and German Clubs was eating the foods of the countries they studied about. The French Club enjoyed visiting the Monet Exhibit at the St. Louis Art Museum last fall. The German Club sang German carols at area nursing homes before Christmas.

Through hobbies we proved our skills

The Model Railroad Club met often in House B. Members put together long miles of track and learned how to operate model trains. It proved to be a good learning experience and a great hobby for the members.

Meeting every Wednesday in the attic of House A, the Radio Club had as its purpose to get beginners on the air and to help the members receive their amateur radio licenses. Members had many technical discussions which helped them to understand how to efficiently operate their radio sets. Most felt that such knowledge would prove an asset in the future as well as now.

The "Kings" of the Chess Club held meetings every Thursday afternoon in 1T. They had a hard time finding a sponsor, but finally Mrs. Grace Gerren took over and proved to be a good choice. Members practiced constantly for their tournaments with area schools.

Members of the Radio Club were (Bottom Row) Dale Wentz, Jeff Nettleton, Bill Ferguson, (Top Row) Mr. David Bobzin, sponsor, Greg Lowery, Kyle Stumbaugh, and Mr. Richard Friederich, sponsor.

Members of the Stamp Club found knowledge of the past, present, and future as they collected and traded stamps. They met every Tuesday morning before school to pursue their hobby.

Photography Club meetings were devoted to learning new techniques of picture-taking. Members also gained experience in developing and printing the pictures they took around the campus.

The War Gaming Club met before school to practice strategy in war games and football games. It was fun but also a good learning experience as members began to realize the consequences of war.

We prepared for the future

The Future Secretaries were in action for their second year as a club. Members met once a month with their sponsor, Mrs. Vera Wood, to talk about educational problems, personal development, and the secretarial profession.

The Future Farmers of America with their sponsor, Mr. Harold Hall, met twice a month in 6T and discussed ideas on the future of agriculture. To join the club, a member had to be enrolled in an agriculture course. Members enjoyed the Farm Bureau Acquaintance Day as one of their field trips.

Future Homemakers set up meetings and projects to increase their knowledge in all areas of home economics. Mrs. Elaine Smith was the sponsor of the group.

Clubs work for others

With Mr. Larry Obenchain supervising, the members of the Consumer Education Club again participated in the hall decorating contest on Hobo Day. Their creative efforts decorated corridors in the N Building.

The Rough Writers met once a month, usually at members' homes, to read and revise manuscripts from the student body for possible publishing in "Page One," the mimeographed literary magazine put out annually by the club. Members hold a Book Fair every year to pay for the publishing of their magazine. At the banquet at the close of the year, the members who had accumulated one thousand points by reading manuscripts and attending meetings received the Order of the Big Stick Award.

Participating in the Consumer Education Club were (Bottom Row) Pam Crossly, Mary Marrone, Kathy Engel, Tracey Rhodes, (Top

Reporters spread out to cover the news affecting campus life

Twenty-six upperclassmen made up the staff which produced the ten issues of the school paper, the "Hy News."

To earn the money to pay for the five issues each semester, the staff sold subscriptions to students and faculty, ads to local business concerns, and bakery goods to hungry lunch-hour crowds in the cafeteria.

The staff met daily during sixth and seventh hours to plan and organize the editions of the paper. Five days each semester, staff members got up very early to prepare the copies of the current edition to sell at various campus locations to the arriving student body.

Most staff members began work on the school paper as juniors and took over positions as seniors. As usual, juniors were added this year. Mrs. Pat Matysik took a leave as adviser to the staff and Mrs. Cynthia Craig became the adviser this year.

The Hy News sponsored the forty-second consecutive Hy News Citizenship Awards for seniors. A faculty committee was appointed to screen nominees of both faculty and students for the awards which were announced in April.

Sam Rainwater and Jennifer Graves were proud to be co-editors of the Hy News.

Mrs. Cynthia Craig was the adviser of the staff this year.

Page editors and reporters were (Bottom Row) Greg Kern, Michele Wiley, (Second Row) Margaret Lowery, Kathy Mannino, Juli Cunningham, Jenifer

Riassetto, Jodi Krantz, (Top Row) Ethan Edwards, Bill Farmer, Bonnie Weiss, Jacque Henry, Pat Martens, Jim Brennan, and Libby Meyer.

Staff worked to reach the final goal

Members of the Bellevinois Staff began meeting daily from the first day of school in August to prepare to create the yearbook. The first semester was spent in earning money to pay for the publication and in learning how to put together a book of memories and records of a year.

The staff committees began with the class layouts in November and finished with the index in April. Then the book was printed and sent to the bindery. Many processes were involved along the way and in order to meet deadlines, staff members had to learn, often the hard way, to work together. A project as large as this required cooperation from all involved, from the photographers to the printer. Anticipation and frustration were felt by the staff along the way, but in the end, a sense of accomplishment was felt by the participants.

To raise money, the staff took orders for books, sold ads to area businesses, and peddled popcorn and programs at home football games.

Deciding on pictures for the sports section were Pam Quandt, Jeff Boyles, and Cheryl Buesking.

Mary Helleman, Cheryl Buesking, and Deanna Bullard confer on a headline count as Miss Jane Hansleben, adviser, awaits their decision.

Editing the advertising section brought varied expressions to the faces of Chris Smith, Scott Beyer, and Abbey Croissant.

Coordinating ideas on school activities were Gail Redeker, Lisa Blaha, Danielle Rawlings, Mary Hellemann, and Deanna Bullard.

Debbie Taff, Betty Dahmer, Peggy Klemme, Julia Buser, editor, and Jenny Lill spent a lot of time working on layouts.

Rhonda Burns, Liz Voegtli, and Sandy Norton check page proofs from the printer.

Staff photographers were Larry Bridges, junior, Todd Klein, junior, Don Holzum, freshman, and Doug J. Stewart, senior and head photographer.

Working on headlines were Cindy Holzum, Julie Parks, Laura Fournie, and Karen Kelemetc.

Betty Brown, chaplain, (Top Row) Kevin Cange, parliamentarian, and Jill Fox, chaplain.

We helped to improve student life

Student Council members and their sponsor, Mr. Fritz Kunze, kept themselves active throughout the year, with their chief goal being to improve student life. Some of the activities they sponsored were the Football Frolic, Spirit Week and Hobo Day, class elections, the Christmas Dance, and the "Big W." In addition, they co-sponsored the Donkey Basketball game with the Bellevinois Staff. The Big W project was begun in 1978 by the senior class and the Council. Faculty, students, and clubs donated money this year in order to finish the project by graduation. To raise money for activities, the Council members sold balloons at football games and Valigrams on February 14. In October they sponsored the annual magazine drive.

Committee chairmen were (Bottom Row) Tammy Creason, Kris Kaiser, Sue Payne, (Second Row) Jeff Boyles, Renee Mondy, Sandy Norton, (Top Row) Rusty Strong, Kevin Cange, and Dave Lautz.

Kurt Wallace promoted school spirit by selling balloons at home football games. Purchasers released the maroon and white balloons after the first touchdown by the Maroons.

Jeff Lanaghan collected names and money for the Big W project.

Serving refreshments at the Christmas dance was part of Amy Boyles' job.

Sandy Norton and Dana Wallace kept attendance and records for the Student Council.

Tammy Creason gives a report at a student council meeting.

Andy Cooper and Dave Fischer sold tickets at the Football Frolic.

Chosen as members of the National Forensic League were (Bottom Row) Beth Gregowitz, Monica Heil, Andy Cooper, Cindy Weldon, Sue Hollinberger, Mark Metzger, Lisa Melton, (Second Row) Dr. Richard Hunsaker, sponsor, Terry Schulze, Ben Hunsaker, Toni Edwards, Mike Imber, Janette Endryaitis, Mandy Mueller, Lisa Roschnafsky, Cathy Browning, Jennifer Riassetto, and Susan Schulze.

Speech teams worked hard for honors

The individual events team was headed by Mrs. Sandra Paris the first semester and taken over by Mrs. Debbie Stieneker the second semester. The speech events ranged from original comedy, which is humorous, to original oratory which is serious. The district competition was held at West in February with West sweeping the contest. At sectionals, Beth Gregowitz was the only competitor from West to qualify for state.

Debate is quite different from individual events. The debaters were not informed of the issue they were to debate on until forty-five minutes before the competition. This meant the debate squad had to be very well informed on current events.

The National Forensic League was a honorary organization. A person had to achieve twenty-five points in speech contests before being asked to join the League.

Debators finished the year at the sectional tournament at O'Fallon in March and the state tournament at Bloomington in April. The team also competed in the Greater St. Louis Speech Association League with Monica Heil being named the top speaker in the contest. The team of Monica Heil and Mary Ann Hogg finished in second place.

The National Forensic League ended its season at the district competition in March at Peoria.

The debate squad included (Bottom Row) Lisa Melton, Mark Metzger, (Top Row) Monica Heil, Andy Cooper, Mandy Mueller, Lisa Roschnafsky, Janette Endryaitis, and Ben Hunsaker.

Students of the individual events team were (Bottom Row) Jennifer Riassetto, Sue Hollinberger, Beth Gregowitz, Andy Cooper, (Second Row) Cathy Browning, Cindy Weldon, Susan Schulze, Terry Schulze, (Top Row) Ben Hunsaker, Mike Imber, Toni Edwards, and Monica Heil.

We worked at new and different jobs

Students enrolled in distributive education whose jobs deal with retail, management, and sales joined together in the Distributive Education Club. Club members sold t-shirts, cowboy hats, and Christmas ornaments to raise money for their employer-employee banquet, held annually in May, and for expenses to area and state contests. Their earnings also went for a Christmas party for underprivileged children. Each member bought toys for a child assigned to him.

At the state convention, Mary Vahlkamp finished first in the Manager-Owner management test, under the category of advertising.

Girls enrolled in the office occupations classes also worked together in the Office Occupations Club. In the hall decorating contest on Hobo Day, the entry of the club finished in second place. Members held bake sales and sold stuffed animals to raise money for their Employer Appreciation banquet at the end of the year. Members visited the children's ward at St. Elizabeth's Hospital in December to sing Christmas carols for the children.

The members of the Office Occupations Club were (Bottom Row) Rita Trotter, Kathy Sullivan, Geri Hartoin, (Second Row) Kathy Cannon, Lynn Huebner, Jeanine Rozyke, (Third Row) Pam West, Vaudra Burnette, Deanna Trickey, (Fourth Row) Barb Ingram, Donna Swartz, Carla Weber, (Fifth Row) Tracey LaFore, Cheryl Rockwell, Theresa Determann, (Top Row) Vicki Luehder, Cindy Neff, and Miss Faye Pabst, sponsor.

Students participating in the Distributive Education Club were (Bottom Row) Chris Dahm, Patty Theis, Linda Thomas, Sandy Scott, Tracy Anna, (Second Row) Michelle Rains, Nancy Rogger, Mary Vahlkamp, Mary Simpson, Lisa Morrison, Shari Verges, (Top Row) Mr. Tom Ninnis, sponsor, Scott Ettling, Julie Souders, Joe McGraw, and Greg Highland.

Talent steps on stage

Little Theatre opened their season with "Young Stars", the Freshman One-Acts. The individual acts were "Hiss The Villian", "The Sand Box", and "The Final Dress Rehearsal". The fall play, "Bell, Book, and Candle", was performed in November and proved to be a bewitching tale. Theatre members helped the juniors with their Jam, "Where There's A Will There's A Way". The grade school children were fascinated to see Peter really fly in the sophomore children's play, "Peter Pan", put on in February. The biggest production of the year was the spring musical, "Li'l Abner", which was presented in April. It included a cast of over fifty students. Based on the comic strip Little Abner and Daisy May, it told of a typical day in Dogpatch, U.S.A. The Theatre banquet was held in May and very special awards were given to those students who helped make the year successful.

All around the world and back again

The American Field Service program provides opportunities for students to live as an exchange student in another country for either a full school year or during the summer. Exchange students get first-hand experience of lifestyles in other parts of the world.

The American Field Service sent three exchange students to West this year. Liisa Pietarinen came to us from Finland, Alessandra Brandao from Brazil, and Anders Avenberg from Sweden.

In order to raise money, our campus AFS Club organized projects such as the Christmas booth for sale of craft items, bake sales, and the annual auction held in April. Admission was charged to the pie-eating contest between members of the faculty, sponsored annually by the AFS Club.

Liisa Pietarinen enjoyed showing her father, Mr. Pauli Pietarinen, around the Belleville area when he came from Finland to visit her.

Assistant Principal Dan Wolford and Coach Bruce Arnold demonstrated that a pie-eating contest can be messy. Both lost the prize to Mr. Phil Highsmith.

Exchange students Anders Avenberg, Liisa Pietarinen, and Alessandra Brandao got into the spirit of things at the first pep assembly, held second hour in the stadium.

Mighty Maroons marched on

The Marching Maroons had a busy year. They performed before football games and during the half-times. The band also marched in the Veiled Prophet Parade, the Millstadt Homecoming Parade, and the Shriners Parade. The pom pon squad, coached by Mrs. Merle Guthrie, with Cindy Fischer as captain, developed their own routines. The majorettes and rifle squad worked on their own to create original routines.

The group sold candy bars, had chicken dinners, and sold candles and citrus fruit to raise money for the trip the band takes every three years. In June the band went to Washington D.C., not only to perform, but also to visit. The band had bake sales to help pay for the record they cut. The Marching Maroons were directed by Mr. Ralph Schlesinger and the drum major was Glenn Heil.

Faith brought us together

The boys and girls of the Fellowship of Christian Athletes met together every other week at each other's homes. Membership was open to anyone who enjoyed athletics.

Some of the activities of the club included hay rides, candy and soda sales at home football and basketball games, support of a needy family at Christmas time, attendance at a National Conference camp, and guest speakers at meetings.

In the fall, the girls went on a week-end retreat while the boys attended retreat in the spring. At the end of the year, members attended the annual banquet of the Branch Rickey Chapter. Club sponsors were Coach Norman Armstrong, Coach John Wehmeier, and Mrs. Donna Norbet.

Cross country "runs on and on"

Despite the loss of many quality runners from last year's team, the West runners compiled an impressive record of 99 wins and 77 losses. West was paced by Kenny Cook, the number one runner most of the season and winner of the Conference meet, and Greg Kern, the top runner at the end of the season and West's only representative at the state meet. The West runners displayed good balance throughout the season.

This was the first year the girls had their own team and they did very well. Led by co-captains Kathy Burnett and Diane Schade, the West girls had 43 wins compared to only 8 losses. The girl's team finished second and third in the two biggest meets of the season and were the best on this side of the river.

Running for the freshman cross country team were (Bottom Row) Todd Young, Howard Schuchardt, Kent Dintelmann, Jeff Northcutt, David Churchill, (Top Row) Coach Norman Armstrong, Jackie Baum, Barb Howard, Lori Ninnis, and Cindy Bruehl.

*" . . . All that is, at all,
Lasts ever, past recall;
Earth changes, but thy soul and
God stand sure:
What entered into thee
That was, is, and shall be:
Time's wheel runs back or
stops: Potter and
clay endure."*

*Reflecting on the
joys of victory . . .*

*. . . and the
agonies of defeat.*

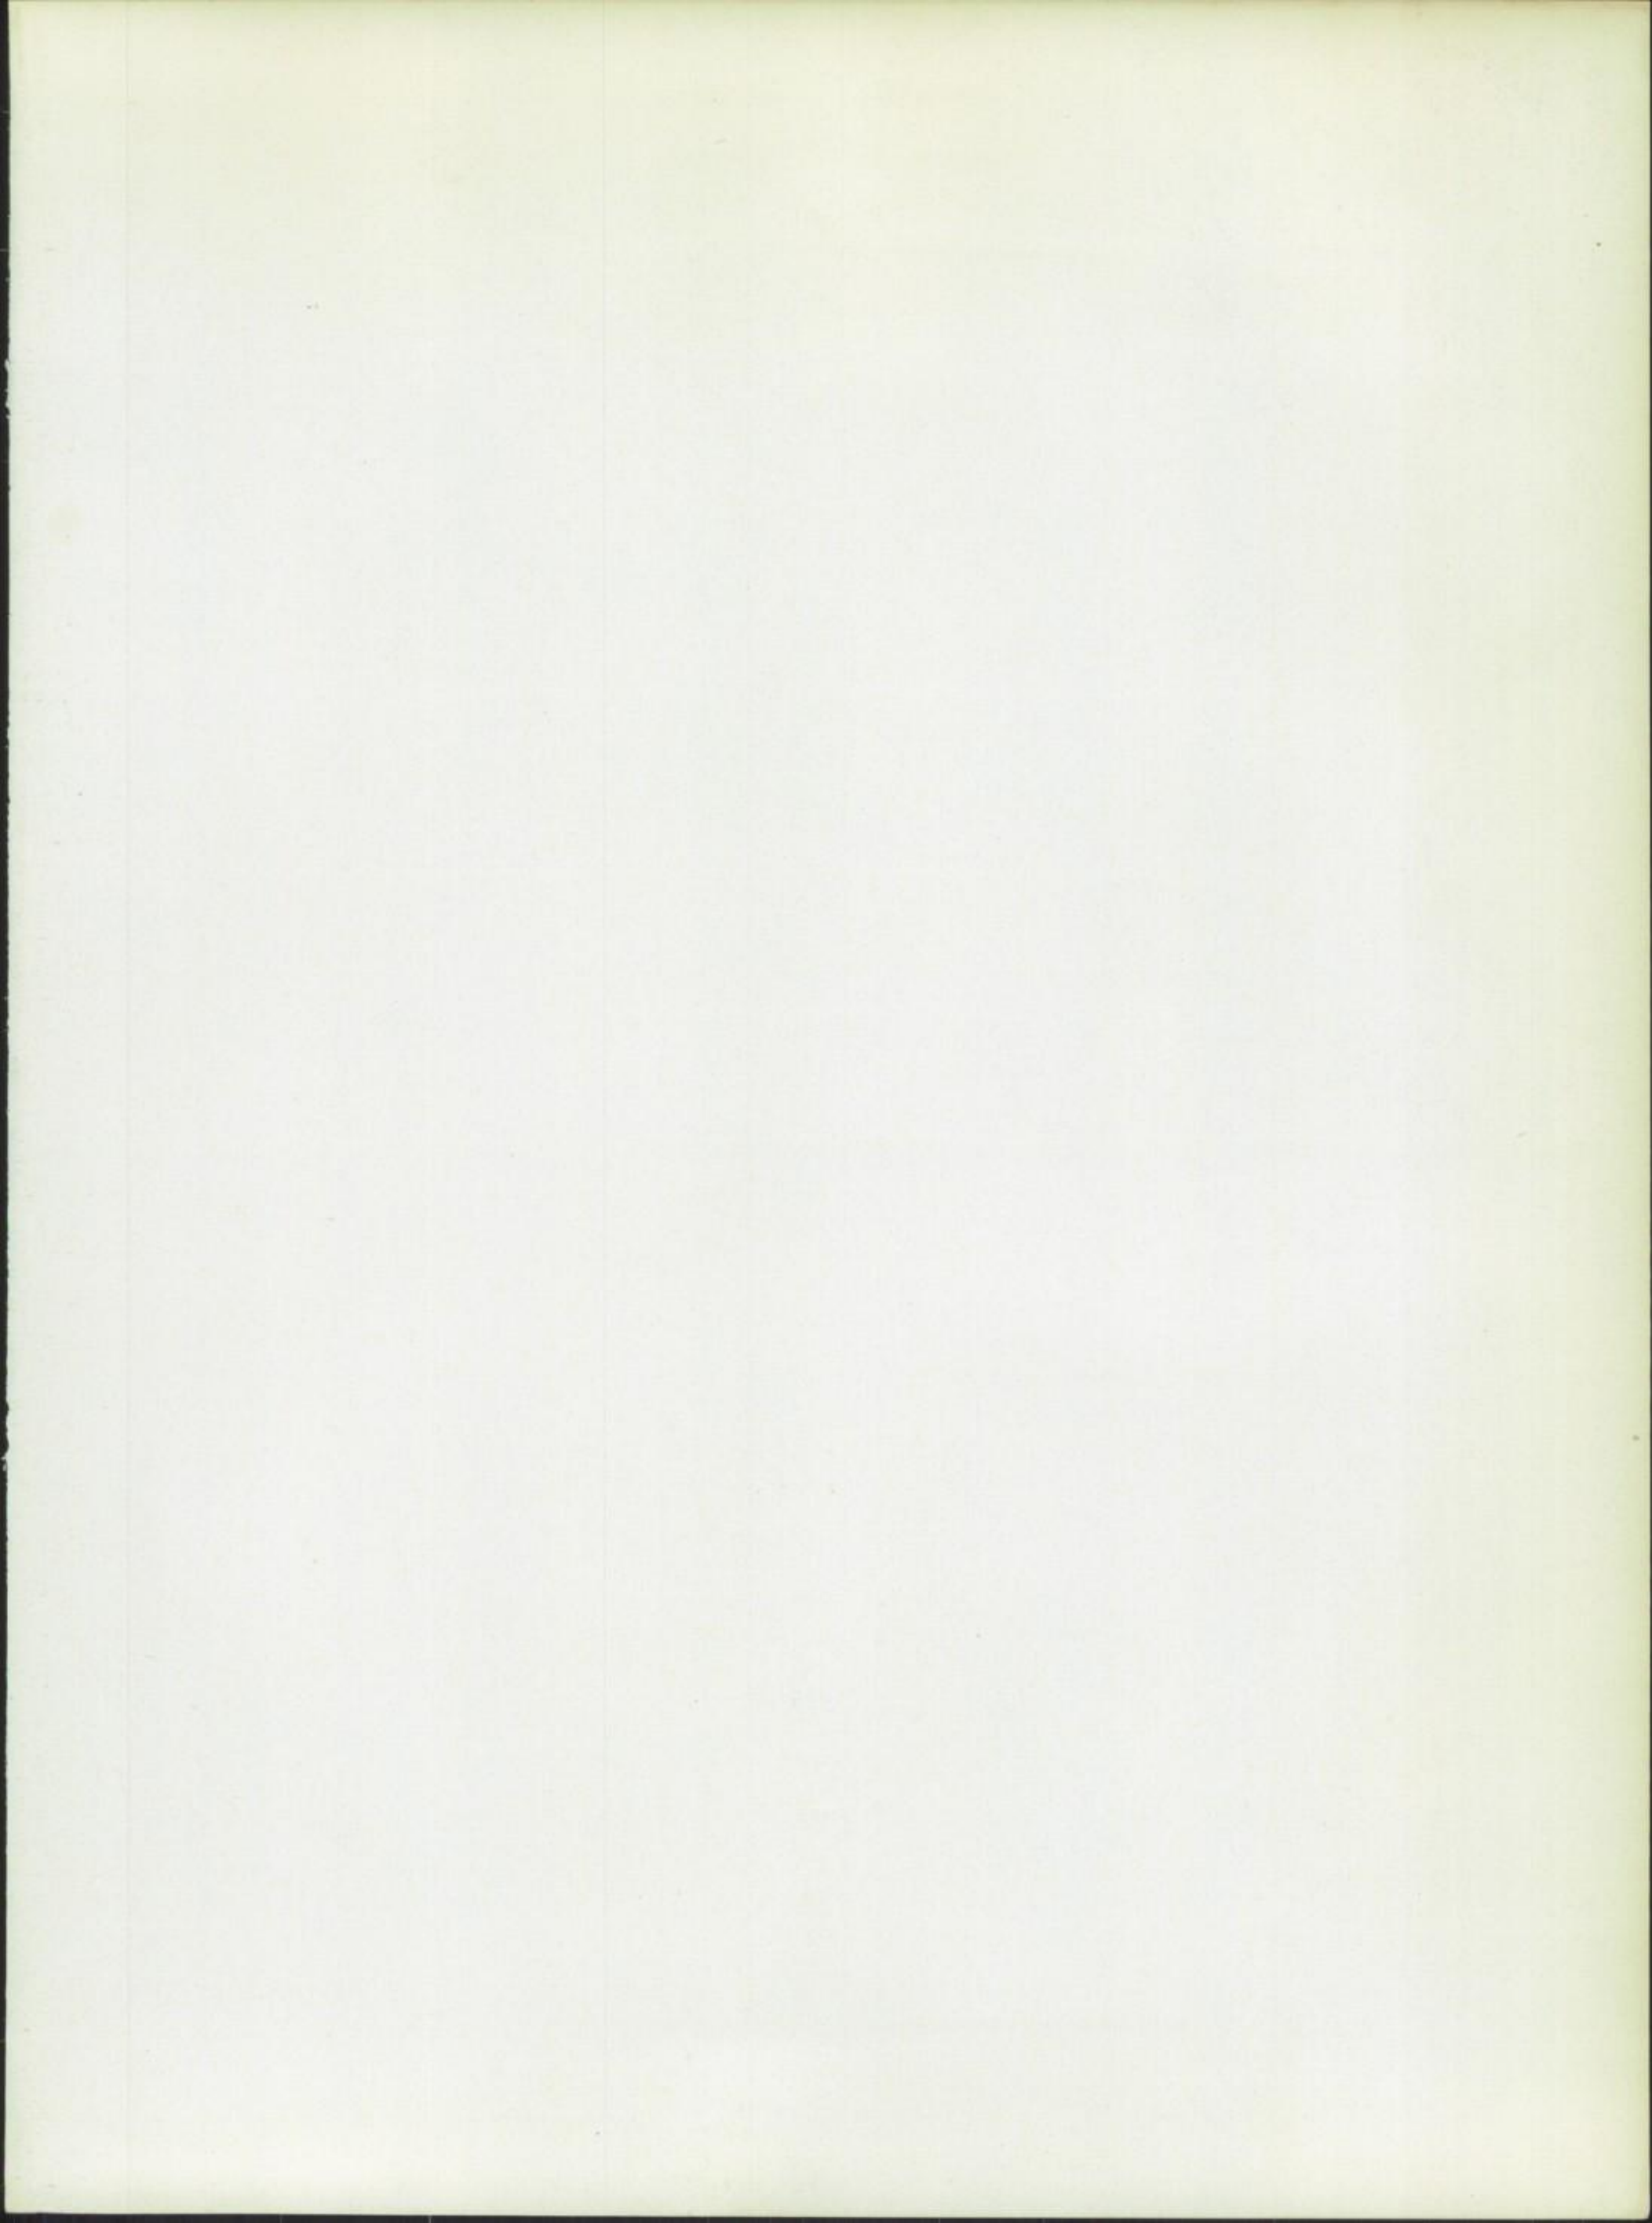

*A mirror reflects what
others see, which is only the
surface. The memories, thoughts and
goals are forever ours, hidden from
everyone else's sight. These memories
may grow old and fade, but they can never
disappear completely for as long as we live.
We will take all of our memories of
West with us when we leave.
Reflecting on these mem-
ories will mark our past
and guide our future.*

Rattie, your
really cool, it's
like a the Deeds!
